President's Message By Tom Telford

HELLO TO EACH AND EVERY MEMBER

Thanks to Kyle Huff and Randy for their presentation at the July meeting on the electronic features available on today's automobiles. There were many questions and discussions with the group.

Thanks to Catherine Bahr for presenting at the July meeting the \$1000.00 check from TLCUG to the Mountain Home Bomb Squad. If you would like a glimpse at some of today's impressive young people (400,000 worldwide), involved in this program, go to <https://www.firstinspires.org/robotics/frc>

I continue to ask that members using the help desk be considerate of others by limiting the amount of time they spend at this desk. We have had numerous complaints about members spending an inordinate amount of time at the desks, thereby precluding others from the benefit.

We will attempt to provide help outside of this setting if anyone needs extra help.

If anyone has suggestions for meeting speakers and/or topics, please pass these on to a Board member.

Please encourage others to use our website by going to: <http://www.tlcug-ark.org/>.

Officer and Director contacts information is available on this site, in addition to its many other attributes.

Please be aware of the meeting and help desk items and schedules, which appear in other sections of the newsletter.

Respectfully submitted,

Tom
